

## What is a Warrant?

November 4, 2009

To the hard-working chatelaines of the Middle Kingdom:

As many of you may know there are some changes that are occurring within the chatelaine's office. One of those changes is creating a warrant roster system for all chatelaines. What this means is that as a local chatelain(e) you are now required to obtain a warrant.

There are two ways to do this: fill out and email or mail a [change of officer form](#), or report as scheduled. You may notice that even though you are serving as a local officer you may not be listed on the current roster. Every Crown Tournament, I am requested to turn in an updated roster. If the information that I have for you is incomplete your warrant will not be issued at that time. If you are a local officer and not listed on the roster, I don't have your complete information. This can easily be updated at the next Crown Tournament. Does this mean that you should stop doing your job? Of course not! Keep doing what you do. I'll check the roster against my reports received, make any changes necessary, and you can send in a change of officer form. I will then update the roster from my end. The roster will officially be updated every six months.

For the Regional Officers: If you are not included in the warrant roster, the fault is completely my own. Panic not. You are still listed on the web page and I will correct this as soon as I am able. Any questions or concerns – please email me at: [chatelaine@midrealm.org](mailto:chatelaine@midrealm.org) or [jeffnaggie@aol.com](mailto:jeffnaggie@aol.com). I can also be reached at 630-750-0965.

Thank you all for your patience and understanding,

Hillary of Langeforde  
**Middle Kingdom Chatelaine**
